

Primary Fields of Profession and Research

Materials Science, Mechanical Engineering, Mechanics.

Education

- **Doctor of Philosophy.** Materials Science and Engineering [2014]
The Ohio State University, Columbus, OH, USA.
Dissertation: Modeling of Shape Memory Alloys: Phase Transformation/Plasticity Interaction at the Nano Scale and the Statistics of Variation in Pseudoelastic Performance.
Dissertation advisors: Prof. Peter M. Anderson, Prof. Michael J. Mills, Prof. Yunzhi Wang.
- **Master of Science.** Materials Science and Engineering [2012]
The Ohio State University, Columbus, OH, USA.
- **Bachelor of Technology.** Metallurgical Engineering and Materials Science [2009]
Indian Institute of Technology Bombay, Mumbai, India

Professional Experience

- **Research Engineer** [Dec 2017-present]
In Technical Services Department at **Confluent Medical, Fremont, CA.**
- **Post-doctoral Scholar** [2014-2017]
In Mechanical Engineering at **Colorado School of Mines, Golden, CO.**
- **Visiting Post-doctoral Scholar** [2014-2016]
In Mechanical Engineering at **Northwestern University, Evanston, IL.**

Teaching Experience

- **Instructor: MEGN 517: Inelastic Constitutive Relations** [Spring 2016]
Colorado School of Mines.
Developed new course curriculum to introduce graduate students to the mechanics of inelastic deformation and related experimental methods.
- **Co-instructor: MEGN 510: Solid Mechanics of Materials** [Autumn 2016]
Colorado School of Mines.

Awards

- Northwestern University postdoctoral travel award [2016]
- Best Student Poster Award, The Ohio State University Materials Week. [2011]

Professional Service

- Professional society memberships: TMS, MRS, ASME.
- Reviewer for scientific journals and national user facilities:
 - Scripta Materialia
 - Metallurgical and Materials Transactions A
 - Computational Materials Science
 - International Journal of Mechanical Sciences
 - Journal of Intelligent Materials Systems and Structures
 - Shape Memory and Superelasticity
 - Cornell High-energy Synchrotron Source (CHESS)
- Technical conference symposium and session organization:
 - Conference symposium organizer: *Mechanics of Shape Memory Materials- Modeling Meets Experiment*. Shape Memory and Superelastic Technologies (SMST) 2017.
 - Conference session chair: *Plasticity Transformations Interactions*. International Conference on Martensitic Transformations (ICOMAT) 2017.

Peer-reviewed Journal Publications
